But I Don’t Live In Utah

As a non-resident of Utah and law abiding citizen, you may obtain a Concealed Firearms Permit from the State of Utah. The Utah Concealed Firearms Permit (Utah CFP) allows you to conceal carry in approximately 30+ states and maintain your personal safety while on the road for business or pleasure. This permit does not allow you to carry in the State of Maryland, but it is recognized in all of the states adjoining Maryland: Delaware, Pennsylvania, Virginia, West Virginia, and Ohio—the Gateway to the Midwest.

To obtain the Utah CFP, one must first complete an approved course of instruction taught by a Utah State Certified Instructor. IOTA Firearms and Security Training Academy’s Team of Utah Deputized Instructors are equipped with the knowledge to enthusiastically present this course and the skills necessary to provide practical training to confidently carry a concealed firearm.

This course follows the training requirements as mandated by the State of Utah Bureau of Criminal Identification (Utah BCI), which does not require a live course of fire or range qualification. NO FIREARMS OR AMMUNITION IS ALLOWED IN OUR CLASSROOM.

Utah CFP Course

The Utah CFP course is a minimum of four hours of classroom instruction (no live course of fire required). Our goal is to eliminate incidents by providing excellent training!

- Overview of Federal & State Laws
- Weapons In Prohibited Areas
- Civilian Use of Force Continuum
- Safe Gun Handling Rules
- Handgun Nomenclature
- Fundamentals of Pistol Shooting
- Concealed Carry Options—Holster/Purse
- Weapon Familiarity Certification

Minimum Requirements

- US Citizen or Legal Alien at least 21 Years
- No Felony Convictions
- Proof of non-residency by copy of state-issued identification i.e. Driver’s License. If you reside in a state that recognizes the validity of the Utah CFP or has reciprocity with Utah, a CFP or CCW from your home state must be obtained to submit a copy along with your application. If your state does not recognize the UCF Permit (like MD and NJ) this requirement does not apply.
