

Summer 2011 Nature Talk Series

THURSDAY, JULY 21ST @ 7:30 P.M. - *FREE! DONATIONS APPRECIATED*

BATS

Leighlan Prout, Wildlife/TES Program Leader for the White Mountain National Forest, will update us on white-nose syndrome, a devastating condition that's been decimating hibernating bat populations for the last 4 years. She will discuss the signs and symptoms of the disease, what's been done on a national and regional level, as well as what's been happening around the White Mountains.

The Loon Center
183 Lee's Mills Road, Moultonborough, NH
(603) 476-5666
Handicapped Accessible

Please visit The Loon Center to learn more about New Hampshire's loons. We have displays, exhibits and an award-winning video with footage from nearby Squam Lake ("On Golden Pond"). We also have 2 walking trails that wind through the Markus Wildlife Sanctuary and a gift shop with unique one-of-a-kind gifts. Admission is free and we are open 7 days/week from 9 am - 5 pm until Columbus Day.
