

Summer 2011 Nature Talk Series

ADMISSION FREE - DONATIONS APPRECIATED

NORTHERN FOREST SONGBIRDS

Join Iain MacLeod for an in-depth workshop focusing on the birds that inhabit our boreal forest habitats in northern NH. Learn to identify Black-backed Woodpecker, Boreal Chickadee, Yellow-bellied Flycatcher, crossbill, kinglet, and the huge variety of northern forest dwelling warblers. Included are color photographs and audio recordings of songs and calls. Iain is the Executive Director of the Squam Lakes Natural Science Center in Holderness, NH.

Please visit The Loon Center to learn more about New Hampshire's loons. We have displays, exhibits and an award-winning video with footage from nearby Squam Lake ("On Golden Pond"). We also have 2 walking trails that wind through the Markus Wildlife Sanctuary and a gift shop with unique one-of-a-kind gifts. Admission is free and we are open 7 days/week from 9 am - 5 pm until Columbus Day.

Thursday, July 28th, 2011 @ 7:30 pm
