

meeks design group

Richardson, Texas based Meeks Design Group, Inc. is one of the states most accomplished landscape architecture firms, specializing in design and construction management on commercial and multifamily properties.

Founded in 1990, MDG has advanced the art and science of landscaping, using cutting-edge techniques to achieve balance of aesthetic appeal and functionality, while remaining sensitive to local codes, design styles and materials. Numerous satisfied clients in twenty-seven states (and counting) including major corporations, architecture firms, builders and developers, call on Meeks Design Group, Inc. to add beauty and usability to their outdoor surroundings.

We are currently seeking a 3-6 month Landscape Architecture intern to complement our fun and fantastic design team. Applicants should meet the following criteria:

- Possess a strong work ethic, ambition and open mind
- Display a proficiency working with AutoCAD, Photoshop and SketchUp (other media a plus)
- Display the ability to utilize hand graphics to communicate effectively

The ideal candidate will have a minimum of three years completed in an accredited landscape architecture program. Excellent communication skills and an aptitude for collaborating with team members is a must.

Interested candidates should send a resume, work examples and a cover letter telling us why you would like to join our team to Herb Meeks at hmeeks@mdgland.com.

We look forward to hearing from you!
