

# PITKIN COUNTY OPEN SPACE AND TRAILS 2016 SUMMER INTERNSHIP

Pitkin County Open Space and Trails is seeking an Intern to work with our Stewardship Staff during the summer of 2016. This is an exciting chance to gain valuable experience while working in the beautiful Roaring Fork and Crystal River Valleys. The Intern will work closely with the OST Senior Environmental Planner with opportunities to learn about all facets of the program. Major Stewardship projects occurring this summer include:

- Rio Grande Trail Node Plan and Outreach
- North Star Nature Preserve Planning and Outreach
- Jaffee Park Redesign and Outreach

Intern must be familiar with GIS, Microsoft and Adobe Suites. A natural drive to learn, think critically and self motivate is important to excel in this position.

Educational focus in Natural Resources, Recreation Planning, Landscape Architecture, or related field is preferred. Intern must be associated with an academic institution and be able to earn school credit for their summer internship. It is the Intern's responsibility to arrange this with their program, advisor or faculty coordinator and demonstrate their ability to gain credit to Pitkin County.

## Internship Details:

Please apply at: [pitkincounty.com/412/Employment-Opportunities](http://pitkincounty.com/412/Employment-Opportunities)

8 Week Internship, Approx. June 6th through August 5th.

Office may be located in Aspen or Basalt, CO.

40 hr work week. \$13/hr. Housing is not provided. Applicants are encouraged to research housing options before applying. In addition to the online application, please submit resume, work examples, references and a statement of how this internship would fit with your professional goals by APRIL 16th to:

Lindsey Utter, Senior Environmental Planner  
530 East Main Street, Second Floor  
Aspen, CO 81611
