

The Internship

The SmithGroupJJR Summer Internship Program is designed to attract the best and brightest students from around the world and is dedicated to the advancement of young professionals in the fields of Landscape Architecture, Civil Engineering, and Urban Design and Planning. As an intern at SmithGroupJJR, you will have the opportunity to work side-by-side with a wide-range of professionals – from landscape architects, planners and architects to engineers, botanists and wildlife ecologists.

Selected student(s) will intern from January through August in **Madison, WI** office. Students will be exposed to both the creative and business environment. Assignments will vary and include project research, site visits, computer production, design reviews, and assisting on marketing efforts. It is expected that candidates have basic hand drawing and computer software skills, in particular with AutoCAD, Adobe Creative Suite, Trimble SketchUp, Rhino, Vray, Lumion and Microsoft Office programs.

Interns will return to their studies enriched by exposure to other students and professionals, and to the extraordinary opportunities in the profession of their choice.
