

40NORTH is seeking to hire multiple interns this summer for work in our Manhattan, Kansas and Weston, Missouri offices. Ideal candidates will have working knowledge of AutoCAD, InDesign, and Photoshop, working knowledge of Rhino and Revit is also preferred.

40NORTH is a full service landscape design and planning practice that specializes in designing one-of-a-kind outdoor environments for a variety of clients around the world. Our project types are diverse: Resort and hospitality projects, luxury residential properties, urban design, corporate headquarters, farms, bars, restaurants, and private islands. Our clients are equally diverse: private companies, developers, publicly held corporations, architects, foreign wealth funds, and governments. Our goal is to produce creative, exciting, engaging end results for the client that get built. The services that we provide at 40NORTH range from conceptual planning and visioning, to design development and construction documents, as well as site administration and project coordination for the outdoor environments we design.
