

We are currently seeking creative candidates for our summer 2016 internship in our **Omaha** office. Our firm works with a wide range of clients from National Park Service, Municipalities, Parks Departments, Private Developers, Architects and Engineers to create thriving community spaces and engaging environments. The successful candidate would demonstrate a collaborative approach to design and highly proficient in programs used on a daily basis including AutoCAD, Sketchup, and Adobe Creative Suite. Experience in Civil 3D, video editing software, as well as work experience in a professional office is desirable. For more information or to set up a visit, please contact me at robin@bevireo.com or 402-972-8736.
