Welcome to the 24th Annual APSAC Colloquium!

Our vision is for a world where all maltreated or at-risk children and their families have access to the highest level of professional commitment and service. Our mission is achieved in a number of ways, most notably through expert training and educational activities, policy leadership, and collaboration, and consultation that emphasizes theoretically sound, evidence-based principles.

Come join us in the celebration of this vision and commitment to supporting and training professionals who serve children and families affected by child maltreatment and violence. Through the hard work and dedication of our members, APSAC has grown into a multidisciplinary group of professionals, who also are our friends, family, colleagues and the leading experts on the prevention and intervention of child abuse in the United States.

Frank Vandervort, J.D.
APSAC Board President

About the Colloquium

This year we offer 83 institutes and workshops which address all aspects of child maltreatment including prevention, assessment, intervention and treatment with victims, perpetrators and families affected by physical, sexual and psychological abuse and neglect. Cultural considerations will also be addressed.

The educational goal of APSAC’s Colloquium is to foster professional excellence in the field of child maltreatment by providing interdisciplinary professional education.

Upon completion of this activity, participants should be able to:

1) Identify physical abuse, sexual abuse and neglect in children
2) Treat abused and neglected children
3) Apply model examination techniques for assessment of abused/neglected children
4) Describe and utilize the most up-to-date information concerning working with abused and neglected children to improve patient care
5) Prepare and report quality testimony in court cases, both as experts and as witnesses

Workshops have been designed for professionals in mental health, medicine and nursing, law, education, prevention, law enforcement, research, advocacy, child protection services, and all who serve children and families affected by child maltreatment and violence.

### Plenary Sessions

**June 23, Thursday, 8:30-10:00**

**What Practices Are We Engaging in Now That 15 Years From Now We're Going to Look Back on and Think “What in the World Were We Thinking?”**

From disco to pet rocks, our past is littered with things which make us wonder, what in the world were we thinking? The field of child maltreatment and interpersonal violence has certainly had its share of misguided ideas, from satanic ritual abuse hysteria to multiple personality disorder treatment centers. How did this field get so many things so wrong? What were the values, thinking and processes that led to those errors and how do we make sure we learn from those mistakes and not repeat them.

**Paul Stern, J.D.**, Deputy Prosecuting Attorney, Snohomish County, Washington  
**Ben Saunders, Ph.D.**, Professor in the Department of Psychiatry and Behavioral Sciences at the Medical University of South Carolina in Charleston, SC and Associate Director of the National Crime Victims Research and Treatment.

### June 22, Wednesday Institutes 2-6

**June 22, Wednesday Institutes 2-6**

8:30 a.m. – 5:00 p.m.  
(12:00 – 1:30 Lunch - on your own)

**1. Trauma-Focused Cognitive Behavioral Therapy for Children and Families**

Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) has the greatest amount of empirical support of any treatment for children, adolescents, and families exposed to traumatic life events. This two-day institute will present the basic tenets of TF-CBT, review the TF-CBT PRACTICE components, and diverse implementation strategies. A prerequisite for this training is completion of TF-CBT Web which can be found at [www.musc.edu/tfcbt](http://www.musc.edu/tfcbt). Please bring your certificates of completion to the training.

**Anthony Mannarino, Ph.D.**

**June 22, Wednesday Institutes 2-6**

8:30 a.m. – 5:00 p.m.  
(12:00 – 1:30 Lunch - on your own)

**2. Safety Planning and Other Immediate Safety Interventions: Establishing National Best Practices**

Facilitators will present key concepts specific to safety intervention. Participants will share experience and dialogue to build on these concepts and develop national best practices on this topic.

**Stacy Saunders-Adams, Ph.D.; Vince Gola, M.B.A.; Denielle Ell-Rittinger**

**June 22, Wednesday Institutes 2-6**

8:30 a.m. – 5:00 p.m.  
(12:00 – 1:30 Lunch - on your own)

**3. Lessons from Fatal Child Abuse for CPS, Police and Other Partners: A Forensic Pediatrician and Forensic Pathologist Show You What They See**

Not all child fatalities are easy to explain. Learn from child fatality cases how collaboration can bring together otherwise missed pieces of the puzzle surrounding child deaths.

**Wendy Gunther, M.D.; Suzanne Starling, M.D.**

**June 22, Wednesday Institutes 2-6**

8:30 a.m. – 5:00 p.m.  
(12:00 – 1:30 Lunch - on your own)

**4. Preparation and Presentation of Expert Testimony**

Like performing state of the art professional work, skills at testifying must also be learned. This institute provides an understanding for the professional’s role in court and what is necessary to properly prepare. Methods of effective presentation and techniques for withstanding cross-examination are discussed. This presentation would be of value to physicians, psychologists, social workers, nurses, investigators, and to the lawyers who present and assail their testimony.

**Lisa Fontes, Ph.D.**

### 5. “Simon Says”: How Medical Providers Can Improve Communication with the Multidisciplinary Team and Juries to More Effectively Protect Children

In this institute experts and willing participants will work together in developing succinct responses to common issues such as delayed disclosure, recantation and normal physical findings. Simple ways to prepare for testimony will be shown including sample direct examination questions for the perfect “plug and play” of aspects such as qualifications to assure jury and judicial acceptance of expertise. In addition, unique techniques to dealing with typical typologies of defense attorney approaches will be practiced.

**Adrienne Atzemis, M.D.; Barbara Knor, M.D.; Debra Esernio-Jensen, M.D., Randal Alexander M.D. Neha Mehta, M.D.; Stacie LeBlanc J.D., M.Ed.**

### 6. Cultural Institute:

8:30 – 12:00

**Reducing Corporal Punishment in ALL Families: Multicultural Frameworks**

This presentation explores the delicate and controversial line between corporal punishment and physical abuse, and how ethnic culture influences our work on these issues. Participants will learn practical techniques for motivating families from all groups to reduce their use of violent parenting with their children. Examples will be drawn from African American, European American, Somalian, Latino, Asian, religious, and military families.

**Lisa Fontes, Ph.D.**

1:30 – 5:00

**Creative Conversations to Keep Children Safe: Examining Personal and Institutional Bias**

In this highly interactive workshop, participants will explore the roots of their own ideas about corporal punishment. We will also discuss cultural, racial, and religious biases that we have seen in the course of our work on child maltreatment, and commit to making some changes.

**Lisa Fontes, Ph.D.**
