October 2015

The Fairfield County Medical Association has just partnered with Medjet Assist-- a premier global air medical transport membership program operating out of the U.S., 24 hours a day, 7 days a week. Medjet Assist is offering FCMA members and their families up to a **13 percent discount on annual memberships**.

Medjet arranges transport for its members who are hospitalized more than 150 miles from their primary residence, either in the U.S. or abroad, to the hospital of their choice in their home country to continue their in-patient care. The services are complete bedside to bedside and inclusive of all medical care including ground transportation.

Membership also includes ongoing monitoring of the member's medical condition, 24/7 medical consultation, emergency message relay, worldwide medical and legal referrals, translation assistance, and transfer of mortal remains.

Medjet is more comprehensive than other medical transport programs, in that Medjet:

- Arranges comprehensive air medical transport to the member's home hospital or hospital of their choice in their home country, not just to the "nearest appropriate hospital."
- Transports you to your hospital of choice for domestic and international travel, as well as personal and business trips.
- Transport criteria does not have requirements stipulating critical or life threatening illness or injury.
- Is an annual membership program with no monetary limit to its benefits. Domestic air medical transport services typically average \$15,000 to \$30,000 while international transports can easily exceed \$100,000.
- Has no health questions up to age 75, no pre-existing condition exclusions, no claim forms, no co-payments, no deductibles, no subrogation or waiting periods.
- Provides membership protection for up to 90 consecutive days of travel outside the country of primary residence during the membership year. Medjet also has extended-stay/expatriate membership options for parties from the U.S., Canada or Mexico that are traveling or based internationally for more than 90 consecutive days per year.

Regular annual memberships are available to employees who reside in the US, Canada or Mexico and travel domestically and internationally. The annual cost of this membership is \$235 for an individual and \$360 for a family (which includes your spouse or domestic partner and up to 5 dependent children under age 23). For those 75 years of age, the Diamond Plan is available for \$395 for one year individual membership.

To apply for membership, contact Medjet's customer service department at 1-800-527-7478 and refer to the FCMA program, or you can apply directly on line at www.medjet.com/fcma.

For questions about the Medjet membership, please feel free to contact Medjet directly at 1-800-527-7478. Our local contact is the MedjetAssist Northeast Regional Sales Director, Larry McGuinness at 917-640-4099 or lmcguinness@medjet.com.
