

## FAIRFIELD COUNTY MEDICAL ASSOCIATION

### EDUCATIONAL PROGRAM

#### MEDICAL RECORD REQUIREMENTS AND PROTECTION

Presented by:

**Barry B. Cepelewicz, M.D., Esq. and Stacey L. Gulick, Esq.  
Garfunkel Wild, P.C.**

**Wednesday, September 14  
12 noon to 2:00 p.m.**

**Norwalk Inn & Conference  
Center  
99 East Avenue  
Norwalk**

In today's highly-scrutinized health care environment, every practitioner needs to focus on medical record requirements to protect against professional liability claims, breaches of patient privacy and third-party payer audits. This program is designed for both physicians and their office staff.

The program will review:

- The Purposes and Proper Content of the Medical Record
- Maintenance and Retention Requirements
- The Do's and Don'ts of Documentation
- Patient Privacy Rights Under HIPAA and State Law
- Mandatory and Compelled Disclosures
- Special Issues and Considerations for EMRs
- HIPAA expectations and potential penalties
- Cybersecurity and other areas of exposure
- Common Litigation and Audit Issues involving Medical Records

There will be ample time during and after the session for questions and answers.

***Attendance at the program will fulfill the state's mandatory Medical Risk Management education requirement for medical license renewal.***

FCMA members and office staff are invited. Lunch included.

Limited seating; register early.

Refunds will be given if we receive your cancellation within three (3) business days of the event.
