

WE NEED YOUR PARTICIPATION TO HELP SHAPE THE GWINNETT COUNTY CTP!

What's a CTP?

A Comprehensive Transportation Plan, or CTP, serves as a roadmap for how a community would like their transportation network to develop to serve their current and future needs.

Why do we need to update the CTP?

To ensure a great quality of life, it is important to understand existing transportation needs and to create projects and policies to address them. A plan update enables the County to reflect on progress made since the last plan and to develop a framework for future growth.

How can I help?
