

BROOKWOOD SCIENCE CAMP

*Hands-on summer camps created
and run by local science teachers*

What Sets Us Apart

Ages 6 – 8 and 9 – 11

5-day camps, 9 am – 2 pm

Lots of fun, hands-on activities

Taught by awesome science teachers

All registration and payment is online:

<https://brookwoodscience.com>

Camp address: 875 Oak Road, Suite 203, 30044

Inside Dynamic Karate USA (Afterschool Area)

We will have the entire facility to ourselves!

2016 SCIENCE SUMMER CAMP SESSIONS

SESSION 1
JUNE 6-10
BOOM
Explosive Energy!

Session 1: Explosive Energy!

June 6-10, 2016

Cost: \$145 per student

Energy is all around us, and kids have a natural curiosity for how things light up, fly fast, and explode. This week we will be conducting cool science experiments such as making s'mores in solar cookers, exploding water rockets, making self-propelled indoor airplanes, and turning batteries into electromagnets!

Max Enrollment: 20 students

Online Registration Only: <https://brookwoodscience.com>

SESSION 2
JULY 11-15
Full STEAM Ahead!
STEM
E = MC²

Session 2: Full STEAM Ahead!

July 11-15, 2016

Cost: \$145 per student

Does your student have the skills to solve the world's next big problems? Tackling challenges requires a combination of key skills, and that's what STEAM (Science, Technology, Engineering, Arts, & Mathematics) is all about. This week's camp curriculum is uniquely enriching and fun! We'll turn everyday items into science-based creative solutions.

Max Enrollment: 20 students

Online Registration Only: <https://brookwoodscience.com>
