9:00AM - 11:00AM

Presentations & Demonstrations

#### Afternoon Session:

April 14, 2015

1:00PM - 3:00PM

Presentations and Demonstrations

### Smart, Collaborative Robotics A Modern Manufacturing Breakthrough

This new class of robot has several distinct advantages over its fixed industrial counterparts, allowing it to:

- ◆ Pick and Place Everywhere
- ◆ Waypoints
- ◆ Increased Speed
- ◆ Consistent Repeatability
- ◆ Smoother Movements
- ◆ Improved Vision Capabilities
- ◆ Payload Optimizations
- ◆ Name Subtasks
- ◆ Non Contact Pick up
- ◆ Easier Integrations with PLC's

**We encourage you to bring your sample parts for discussion**
