## Special Education Annual Notice for Parents and Guardians

In compliance with state and federal laws, the district will provide to each protected handicapped student (without discrimination or cost to student or family) those related aids, services or accommodations that are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. To qualify as a protected handicapped student, the child must be of school age with a physical or mental disability that substantially limits or prohibits participation in or access to an aspect of the school program.

Services and protections for "protected handicapped students" are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs. Please contact your child's school for information on the evaluation procedures and provision of services to protected handicapped students. Under the laws protecting handicapped students, the school district or parent may initiate an evaluation of a student. Please contact Dr. Jennifer Leese, Director of Special Education, at (717) 846-6789, ext. 1227, with any questions or concerns.

### Curriculum/Standards

The Central York School District takes great pride in working collaboratively towards the continuous refinement of curricular indicators for all content areas.

District indicators describe what our students are to know and be able to do; they increase in complexity and sophistication as students progress through school.

District indicators serve as the foundation for instruction, and teachers are expected to raise the rigor of each indicator based on students' assessed academic needs.

The Central York School District meets and exceeds curricular regulations set forth by the Pennsylvania Department of Education.

To learn more about the District curriculum, please visit the District website, at [www.cysd.k12.pa.us](http://www.cysd.k12.pa.us), and click on "Quick Links," then "Curriculum" on the homepage.

### Transportation

Central York School District provides busing for students from Grades K-12 to and from school each day.

Bus assignments and bus stops are determined in August of each school year, and parents/guardians are notified of their child's bus information before the start of school. School rules apply at the bus stop and during the bus ride. Parents and guardians are encouraged to reinforce appropriate bus behavior with their child.

Please remember that Kindergarten students must be met by a parent or guardian (or adult family member) at their bus stop each day. If no one is there to meet the Kindergarten student, the bus driver will not allow the student to depart from the bus.

If you have any concerns about your child's bus stop or bus assignment, please contact the District at (717) 846-6789, ext. 1298. Concerns about bus or bus stop behavior should be addressed with your child's school principal.
