New Jersey

Council On Special Transportation

Make your VOICE count

Your County paratransit and community transportation system needs your help. State funding used to provide transportation services is decreasing. This could possibly mean less transportation being provided.

On Governor Chris Christie's Desk is a legislative bill that will increase transportation funding by $6 million for transportation assistance for senior citizens and disabled residents in our State.

These funds will help support your county's transportation program which bring seniors and disabled residents to essential medical services, including dialysis, radiation and chemotherapy treatments, developmental workshops, food shopping, nutrition sites, employment opportunities for low income individuals, veteran services and many other destinations.

You are asked to call Governor Christie and ask him to sign transportation funding bills S-3106 and A-4607

Call Governor Christie and **TELL HIM** how important you county transportation ride is to you. **TELL HIM** to sign funding bills S-3106 and A-4607.

Call Governor Christie at (609) 292-6000.

Hello, my name is_____. I am calling to let you how important my county's paratransit service is to me. More funding is needed to save my transportation rides. I am calling to urge Governor Christie to sign bills S-3106 and A-4607. I cannot afford to lose my transportation services.

The New Jersey Council on Special Transportation is a statewide advocacy association formed in 1981 to provide information and support for paratransit and community-based transit services. **www.njcost.com**
