Did you know?

- The mite was the least valuable coin in Jesus' time, like a penny today.
- There is a story in the Bible about a mite, it can be found in Mark 12:41-44.
- Sometimes this story is called "The widow's mite":
- This story can help us remember it doesn't matter what the value is, the smallest things that we do and the smallest actions we take can make a difference.
