**Faculty: Ellen McCabe-Hemberger, RN, CHPN, HopeHealth**

Participants will receive a comprehensive overview of the principles involved in achieving quality end-of-life outcomes for patients and their families experiencing the impact of serious illness. It is meant to provide a core education for providing palliative care in various patient care settings.

ELNEC is a nationally recognized curriculum developed by the American Association of Colleges of Nursing and City of Hope. It is a national education initiative to improve palliative care in nursing.

Six module format: This format was created to allow training to be completed in one day. Modules covered in this course: Nursing Care at End-of-Life, Pain Management, Symptom Management, Communication with Emphasis in Ethical and Legal Issues in Palliative Care, Grief, Loss and Bereavement and Preparation for and Care at Time of Death.
