3QC (115)

Teri Becker
193 Blue Ravine Rd., Ste. 190
Folsom, CA 95630-4758
(916) 496-8400
tbecker@3qcinc.com

3QC is a company of building experts specializing in assuring quality and functional integrity from design through operation by providing building commissioning, sustainability (LEED/CHPS), security and facility support services. Averaging over 25 years of school district building experience, our team works collaboratively with yours to coordinate and integrate the complicated array of interconnected building systems necessary to meet the challenges facing districts today. Our goal is to help you achieve high performing, secure facilities that function as intended.

Advanced Planning Technologies, Inc. (723)

Mark Kerrigan
103 S Leonard St
West Salem, WI 54669
(608) 786-1215
mkerrigan@apt-cafm.com

Advanced Planning Technologies Inc. offers Internet-based Facility Management Solutions; NetRequest™ and NetTask™.

NetRequest™ combines the power of a database into a CAD plan, creating an Interactive Floor Plan of your buildings. Being database driven, querying information can be from pulled on a single building or on all your buildings saving time/resources. NetTask is a Work Order/Preventive Maintenance/Inventory program that can be run as a stand alone program or integrated with NetRequest™.

AECOM (200)*

Keith Kajiya
915 Wilshire Blvd., Ste 1800
Los Angeles, CA 90017
(213) 996-2598
keithkajiya@aecom.com

AECOM is built to deliver a better world. We design, build, finance and operate infrastructure assets for governments, businesses and organizations in more than 150 countries. As a fully integrated firm, we connect knowledge and experience across our global network of experts to help clients solve their most

complex challenges. From high-performance buildings and infrastructure, to resilient communities and environments, to stable and secure nations, our work is transformative, differentiated and vital. A *Fortune 500* firm, AECOM companies have annual revenue of approximately US\$18 billion. See how we deliver what others can only imagine at aecom.com and @AECOM.

AFE Sports (716)*

Greg Morales
2683 Lime Ave
Signal Hill, CA 90755
(408) 335-5839
gmorales@afesports.com

AFE Sports is a self-performing design/build firm concentrating on sports park construction and synthetic turf installation. We proudly partner with AstroTurf®, the inventor of synthetic turf and one of the most iconic brands in American sports.

Airedale (314)

Meela Shah
2156 Central Ave.

Bernards (424)

Joseph Lutz
555 First St.
San Fernando, CA 91340
(626) 831-3135
jlutz@bernards.com

Bernards is a nationally ranked, multidisciplinary commercial builder & construction management company that provides technical expertise and outstanding professional services to developers, corporate entities, educational institutions and governmental agencies. Areas of expertise include comprehensive preconstruction, general contracting, construction management, program management, design-build, building information modeling (BIM), and integrated project delivery (IPD) services. Bernards' projects include sports and entertainment venues, health care facilities, mixed-use complexes, multifamily housing, and educational, detention, and civic facilities. The company's core values include a focus on safety, quality, sustainability, diversity and community involvement. Bernards is headquartered in Los Angeles, with four additional regional offices throughout California and the Southwest and employs more than 280 employees, 53 of whom are LEED® Accredited Professionals. For more information, visit www.bernards.com.

Big Ass Solutions (730)*

Tess Simon
2348 Innovation Dr.
Lexington, KY 40511
(859) 967-0502
tess.simon@bigasssolutions.com

Our provocative moniker originated with massive overhead fans that brought comfort and energy savings. Today, though, Big Ass Solutions is fans, lights and our unique approach. Big Ass means quality, design and working directly with customers to solve their problems. We don't do things halfway. We go Big Ass.

Blair Church & Flynn Consulting Engineers (127)

Shannon Marquez
451 Clovis Ave., Suite 200
Clovis, CA 93612-1376
(559) 326-1400
smarquez@bcf-engr.com

Blair, Church & Flynn is a professional consulting firm offering comprehensive services including planning, civil engineering, environmental, land surveying, landscape architecture and construction management. For more than three decades, we have been a trusted advisor to K-12 school districts, community colleges, universities, public agencies and architects. Our campus design professionals have collectively completed more than 700 education-related projects, ranging from master planning and infrastructure engineering, to site and athletic venue design.

Brock International (620/618)

Steven Sawyer
16952 Fairfield Circle
Huntington Beach, CA 92649
(310) 753-5160
ssawyer@brock-international.com

Brock designs and manufactures eco effective safety base systems for synthetic turf playing fields. We are also ASLA and SLI accredited providers of continuing education seminars on sports safety.

C Below (132)*

Ashley Sandoval
14280 Euclid Ave.
Chino, CA 91710-8803
(888) 902-3569
ashleys@cbelow.com

C Below specializes in Subsurface Imaging which includes: Utility Locating of water, gas, power, waste, communications, and cable/TV lines, the use of Ground Penetrating Radar (GPR), Electromagnetic Locating, Potholing, Surveying, Mapping, Video Pipe Inspection, and Concrete X-Ray. Our highly experienced technicians utilize the most advanced equipment in the industry. The information we provide to our clients can be delivered in the form of pull box or electrical reports, potholing reports, underground mapping, 3D modeling, CAD drawings or simply marking on surfaces.

Thank You C.A.S.H. 37th Annual Conference Trade Show Exhibitors

(*New This Year)

California Department of Pesticide Regulation (738)*

Eryn Shimizu
1001 I Street, 4th FL
Sacramento, CA 95814
(916) 445-1851
Eryn.shimizu@cdpr.ca.gov

The California Department of Pesticide Regulation's mission is to protect human health and the environment by regulating pesticide sales and use, and by fostering reduced-risk pest management. The School and Child Care IPM Program promotes the adoption of integrated pest management in schools and child care centers and provides support for Healthy Schools Act compliance.

California Facility Specialties, Inc. (633)*

Mike Kurnik
161 Mercury Circle
Pomona, CA 91768
(909) 599-1200
mkurnik@cafacilityspec.com

Supplier and installer for indoor gym and outdoor athletic equipment such as basketball backstops, wall padding, volleyball equipment, bleachers, lockers, fixed seating, soccer and football goals. Also offer full inspection and service for athletic equipment

California Financial Services (705)

Michael Dodge
412 Humboldt
Santa Rosa, CA 95404
(209) 595-0791
mdodge@calschools.com

California Financial Services is a financial planning firm and today provides a wide range of financial and facility planning services to California school districts and local governments. CFS' staff includes industry specialists that offer expertise for an array of services addressing the enormous and complex problems facing local governments today.

California School Inspections (711)*

Joseph Conrad Luis
5355 Brentford Way
El Dorado Hills, CA 95762-9648
(707) 951-0056
josephconradluis@gmail.com

CSI: California School Inspections is an independent third party inspection service specializing in annual Williams Act inspections using the Office of Public School Construction(OPSC) Facility Inspection Tool (FIT) to provide the inspection and information that is required for the School Accountability Report Card (SARC). CSI is helping districts set the standard in "Good Repair".

CalRecycle (507)*

Jennifer Caldwell
P.O. Box 4025 MS 9A
Sacramento, CA 95814
(916) 341-6490
Jennifer.caldwell@ca.calrecycle.gov

The CA recycled tire-derived products (TDPs) Outreach & Market Analysis Program provides presentations and information about the many tire-derived products available including Title 24 cool roof systems, permeable sidewalks and surfaces, wheel stops, traffic products, playgrounds, tracks, flooring, mulch, pavers, athletic turf underlay & infill and much more! Grants are available to public schools for product purchases as well. Stop by our booth and see what's being made out of scrap tire for your next construction, renovation, landscape design, and school remodel or playground plan.

Capitol Energy Systems (109)

Kristi DiMatteo
2131 Capitol Ave. #306
Sacramento, CA 95816-5755
(310) 709-8209
kdimatteo@capitolenergysystems.com

Capitol Energy Systems has developed an affordable wireless energy management system for your HVAC units. Our technology uses your wireless network to allow you to monitor and control from any computer with Internet access. Our system also alerts you of maintenance issues to allow you to diagnose and repair problems.

(*New This Year)

Changeair - A Systemair Co. (110/108)

Martin Hannah
4161 Legion Dr.
Mason, MI 48854
(517) 676-2863
martin@systemair.net

Change'air is a leading manufacturer of heating, ventilation and air conditioning for classrooms. We have been making a complete line of classroom air handling equipment for 20 years and are supplying products to a large number of schools in the California market.

Civic Permits (718)

Mike Johnson
P.O. Box 3499
Fairfield, CA 94533
(916) 256-2346
mike@civicpermits.com

Helps school districts manage their facility rental process.

Class Leasing, LLC (230)

Dave Morgan
1221 Harley Knox Blvd.
Perris, CA 92571
(951) 293-1668
dave@classleasing.net

Class Leasing is a leading provider of DSA approved modular classrooms, restrooms, administration, and specialty buildings throughout the State of California. Class Leasing features an active piggyback contract, which precludes the need to advertise and bid individual projects.

Climatec Building Technologies Group (508)*

Ashley Cascio
18002 Cowan, Ste. 200
Irvine, CA 92614
(949) 252-6943
acascio@climatec.com

Climatec exists to improve the way schools benefit from energy efficiency projects. We offer a flexible approach and extensive local resources to complete ASHRAE Level 2 energy audits and turnkey project implementation quickly and efficiently. Our areas of expertise include:

- Prop 39 Program Assistance
- Building Automation
- HVAC Solutions

- Interior & Exterior Lighting
- Building Envelope
- Renewable Energy
- Water Management
- Energy Education
- Utility Rebates and Incentives

Colbi Technologies Inc. (400/402)

Jon Patterson
17792 Orange Tree Lane
Tustin, CA 92780-2122
(714) 505-9544
jpatterson@colbitech.com

Colbi Technologies provides software, training, and web services to help school districts control their business processes. Account-Ability software is trusted to manage and report over \$18 billion in capital building programs. Quality Bidders web service provides online pre-qualification of contractors in accordance with AB 1565. Colbi Docs web service provides online document processing that improves internal controls, communication, and document access while reducing paper and processing times.

Rural Community Assistance Corporation--Agua4All Program (615)*

Sarah Buck
3120 Freeboard Dr Ste. 201
West Sacramento, CA 95691
(916) 447-9832
sbuck@rcac.org

Rural Community Assistance Corporation (RCAC) is a nonprofit that supports rural communities throughout the west. RCAC runs a program called Agua4All in order to

increase access to and consumption of safe drinking water in schools and communities through the installation of water bottle filling stations and water treatment where necessary. RCAC is installing over 145 stations in southern Kern County and the Eastern Coachella Valley and is planning phase two of the Agua4All program which includes expansion statewide. RCAC has already begun preliminary work in Merced County. RCAC works with a number of water bottle filling station vendors and school districts to install the best fit stations in high traffic areas where students will use them most and RCAC is able to get discounts of up to 42% off vendor prices. Current vendors include Acorn, Elkay, Haws, MDF, Oasis, Filtrine and Global Tap. In addition to this infrastructure upgrade, RCAC also provides re-usable water bottles where funding is available and resources and support for water promotion and education to increase water consumption for better student health.
