**Integrating the Spiritual
Dimension in
Therapeutic Practices:
a Multi-Faith Perspective**

**Dr. Froma Walsh
Friday, January 25, 2013**

OUR SPEAKER

Froma Walsh, Ph.D.

is an internationally acclaimed expert on family resilience and resilience-oriented training and practice. She is also a leading authority on the diversity and challenges in contemporary life. Her collaborative practice approach integrates multi-cultural and multi-faith spiritual perspectives and resources in wellbeing, healing, and positive growth.

With 120+ professional articles, her recent books include: *Strengthening Family Resilience*, *Normal Family Processes: Diversity and Complexity*, *Spiritual Resources in Family Therapy*, and *Living Beyond Loss: Death in the Family*. Dr. Walsh is a licensed clinical psychologist and an AAMFT approved supervisor. She holds an M.S.W. from Smith College and a Ph.D. from the University of Chicago. She is the Co-Founder and Co-Director of the Chicago Center for Family Health. She is the Mose & Sylvia Firestone Professor Emerita at the University of Chicago in the School of Social Service Administration and Department of Psychiatry. She was one of the first Peace Corps volunteers, working with youth and women in Morocco.

DESCRIPTION

As neurobiological research documents, spiritual beliefs and practices profoundly influence suffering, healing, and resilience. This is particularly true with trauma, disruptive life changes, and chronic stress. While therapy can open spiritual wellsprings for our clients, mental health professionals are often unsure how to approach and integrate the spiritual dimension of experience in clinical practice. This workshop presents multi-faith perspectives essential in working with clients of diverse cultural and spiritual orientations and in addressing conflicts in interfaith couples and families.

"While most therapists search for a cure for an illness, Froma Walsh explores the potential in families for wellness. She highlights the multiple causes that may contribute to family distress, and then, with a powerful lens of hope, explores the varied avenues that family members can take to increase family and individual resilience."

--Salvador Minuchin, MD

OUR DAY

- 8:30: Registration
- 9:00: Welcome
- 9:15: Presentation*
- 12:00: Lunch on your own
- 1:15: Presentation *
- 4:00: Adjourn

*Breaks will be provided.

The workshop is scheduled to be held at the CCCG Decatur location.

OBJECTIVES

1. Participants will gain multi-faith perspectives to increase their understanding and attunement in therapeutic work with individuals, couples, and families with diverse cultural and spiritual orientations.
2. Participants will learn guideline to approach and integrate the spiritual dimension of clients' experience in therapeutic practice and handle challenges.
3. Participants will learn how to recognize and address clients' spiritual distress.
4. Participants will gain understanding of ways to tap spiritual resources within and outside religion for healing and resilience fitting client values and preferences.
5. Participants will expand possibilities for finding spiritual nourishment to counter compassion fatigues in their work and multi-stress conditions in their lives.

6 CEUs have been approved by the Georgia Association for Marriage and Family Therapy and the Licensed Professional Counseling Association of Georgia. Units have been applied for through the Georgia Society for Clinical Social Work.
