Re: Request for Substantive Review of Petition to Remove Molunkus Township From the Expedited Permitting Area

Dear Nick:

The purpose of this letter is to inform you that Lakeville Shores, Inc., has decided to withdraw its request for substantive review of the petition to remove Molunkus Township from the expedited permitting area.

I would like to thank you for meeting with us on April 5<sup>th</sup> to discuss the public hearing process. The decision to withdraw the request for review was made after considering the issues we discussed at that meeting including the cost of the public hearing which must be paid by the party requesting substantive review, the cost of adequately preparing for a public hearing and the uncertainty concerning not only the outcome of the public hearing process but also development of wind power in Maine at this time.

If anything further is needed to document withdrawal of the request, please let me know.

Cordially,

  
Dean A. Beaupain
