## **Hire A Patriot Event Participation Policies & Acknowledgement Form:**

Hire A Patriot events are focused on our Military and Veteran Community. We ask that as an exhibitor, that you also share our vision to assist these men and women in finding meaningful employment, valuable education opportunities and resource support. We would also ask that only individuals from your organization attend the event and that there are not more than one organization sharing the same table.

### **Registration Policy:**

Registration fees are non-refundable and non-transferable. Organizations that submit an Exhibitor Registration Form and do not attend the event will be responsible for full payment of event fees. Late payments (payments made after completion of Career Expo) may incur a monthly \$50 late charge on total amount due if the late payment was not approved at the time of registration.

### **Non Solicitation Policy:**

We respectfully ask that all exhibitors conduct themselves in a professional manner at all of the Hire A Patriot events. Hire A Patriot events is a way for employers, colleges and trade schools as well as resources to meet and interact with active duty military, Veterans and their families as well as other job seekers in order to share what opportunities your organization has specifically for those attendees. We ask that you and your organization refrain from soliciting from the other exhibitors. It only takes away from supporting our active duty military and Veteran community and it is also contrary to the purpose for which the Hire A Patriot events were created.
