

FOOD NEIGHBOR'S PROJECT

The total pounds of food collected by the Food Neighbors Project on April 9 was 4200 pounds. This amount, divided by three food banks, put 1400 pounds of food on the shelves for Prescott Community Cupboard.

The work was fast paced and done in record time. Many volunteers, including the Ken Rhodes family and the St. Luke's youth group, made this day a success. The next drive will be June 11.

Dan McFarland is the organizer for the Cupboard.

Thank you, Dan, for your good work.
