

Dismantling the Strongholds of Racism Phase 1 Workshop

March 4-5, 2015
9am - 4pm

Child Advocates
8200 Haverstick Road,
Suite 240
Indianapolis, IN 46240

The Phase 1 workshop is designed to develop the capacity of participants to understand racism in its institutional and structural forms. Even those who are concerned about racial disparities in American systems and institutions are challenged in their understanding of how racism remains alive and well, advantaging some while harming others. Moving the focus from individual bigotry and bias, the workshop presents a historical, cultural, structural and institutional analysis of racism. With a clear understanding of how institutions and systems are producing unjust and inequitable outcomes, participants are better equipped to work for change. It builds the capacity of participants to identify the root causes of disparity and establish goals and strategies based on that deeper understanding.

Topics to be covered:

- Introduction of Anti-Racist Organizing
- Socialization
- Poverty and Power
- A Different Kind of History Lesson
