

For 25 years, WWf(a)C has provided a safe, non-competitive environment for individuals to develop their writing skills, cultivate their creativity, and strengthen their voices. Our writers, whether first-timers or the more experienced, find community, connection, and meaningful conversation within our circles. We encourage writing as a process of self-discovery and self-expression—a

celebration of the individual voice. Our classes provide a unique setting in which honoring each other's words and learning to give and receive constructive feedback enrich participants' lives.
