

FAITH. LOVE. COMMUNITY.

ST. NICHOLAS 50TH ANNIVERSARY UPDATE REPORT

We had a successful 50th Anniversary Year in 2014. Last month we reported on upcoming events and/or happenings that will round out this celebration period. Thanks to all the inclement weather in the area, these have not yet taken place. So, we are still looking forward to the following:

- The **Oral History Documentary**. The first showing will be scheduled soon. We are also hoping to have copies of the Oral History available for those who wish to purchase one for their homes.
- Lela, the Goyans and their advisors, Daphne and Leto, are working on the **Time Capsule** which will include information of our past 50 years and the events which took place to celebrate this banner year for our church.

In addition to these two 50th Anniversary events above, we have the following related items available:

- **The 50th Anniversary Church Directory** may be picked up at the church during fellowship hours or in the church office. If you have not already gotten yours, please do so.
- Also, the **keepsakes** of our church which have been on sale during 2014, are available in the church office for all who wish to purchase one for themselves and/or their families members who have grown up worshiping at St. Nicholas.

Hopefully, the weather will get better as we all begin the Lenten season and look forward to Pascha.
