## MEDIA ADVISORY

Rockford Public Schools parents can now connect with their child's classroom with a new mobile app. Information that parents/guardians access on the Parent Portal via the online Home Access Center is now available via a free mobile app. The Parent Portal gives parents real-time access to their child's grades, attendance records, assignments, class schedules and more.

The mobile app is another way for school staff and families to support student achievement. Administrators hope this tool will make it even easier for parents to become more involved with their child's school.

The app is available at the App Store for iPhone, iPad and iPad touch. It's available for Android devices on Google Play, and for Kindle on Amazon. Search eSchoolPLUS Family to get the mobile app. Find Rockford Public Schools through the search function on the app. Tap "Rockford Public Schools" to open the "login" screen.

*For parents or guardians:* Need a username or password? The user name and password for the Home Access Center and eSchool PLUS Family app are the same. If you do not have a user name and password, please contact your child's school. If you've forgotten your password, you can reset your password after correctly answering a series of questions.

Thank you,  
Communications Department
