

# “America was built by makers

— curious, enthusiastic amateur inventors whose tinkering habit sparked whole new industries.”

Learn how we are  
all makers at heart!

We Are Makers!  
Presented by  
internationally known  
‘Maker’ catalyst  
Dale Dougherty

Tuesday, March 24  
at 7 p.m.  
Sullivan Recreation  
Center

*All are invited!*  
*A Passport Event!*

Dale Dougherty says we're all makers at heart. Dougherty and his MAKE magazine have been catalysts for a worldwide Maker Movement that is transforming innovation in industry, hands-on learning in education and the personal lives of makers of all ages.

Dougherty invites everyone to become a maker, and integrate creative goals with technical skills, using cool new tools to tinker with, such as Arduinos, affordable 3D printers and even DIY satellites.
