## WHAT IS PROJECT JUMPSTART?

- JumpStart is a 14 week (29 classes) pre-apprenticeship construction training program
- Classes are held 2 days a week
- Classes include certifications in CPR and OSHA 10 safety training
- You will learn skills in math, construction, electrical, plumbing and carpentry
- You can earn \$25 a class if you are: on-time, present for the entire class, and follow the rules of the classroom
- Graduates from the program will get assistance in job placement in the construction field
