

Prayer Requests February 2015

Marcella (friend of Therese Deaton) – She is 39 with three children and was recently diagnosed with breast cancer. Please pray for healing, successful treatment, endurance, and limited chemo side-effects.

The Bates Family - Please pray for the sale of Steve and Christy Bate's home, God's continued provision for them, and HIS peace and wisdom in the process. Please also continue to pray for Christy's mother's health.

Scott Nyquist – Pray for quick and complete healing from reconstructive shoulder surgery.

Gwen (Rick & Rose Lenger's granddaughter) – Gwen has been feeling better since the completion of her tests. They have ordered genetic testing for Gwen for Juvenile Polyposis Syndrome. Please pray that the test is negative. Pray for further insight into her condition and for healing.

Steve Deaton - Steve had his second (his right knee replacement) knee surgery. Pray for great results on this second knee and quick healing.

Esther Chilton – Please pray for healing and encouragement for Esther. She is now at Marlora Post Accurate Rehabilitation Hospital (3801 E. Anaheim St.). She is in good spirits overall but still recovering from the fall and subsequent operation to fix her broken hip. She would enjoy visitors.

Susan Mayo's Sister, Margie – “Margie and Mel are out of their motorhome. They are delighted to be staying in a Senior Community complex in Arizona. Their motorhome is parked near their unit. One of their sons drove Margie's car down so they would have the car to run around in instead of having to drive and park the lumbering motorhome. Margie says that bike riding seems a lot safer in the retirement community, plus she enjoys swimming in the community pool. A couple of weeks ago, they planned to stop the chemo process that she had been on, and start her on a new drug trial. The numbers were not showing progress. However, they are keeping her on the original chemo treatment. Margie wants to continue with a ‘proactive’ treatment. Guidance for the doctors, wisdom for decision making. Thanks for the prayers for Margie.”

Don Parkins – Praise: Please continue to pray for Don and his family. He is battling stage 4, large cell, lung cancer. Please pray for God's healing and for the peace that surpasses understanding.
Recent bloodwork came back normal and his cancer is not growing so he is off chemo for two months!

Phyllis Ann Dudley – Please pray for healing. Pray for HIS strength and encouragement.

Joan Parker- “February 2 I am going to have eye surgery. Could you please add me to the prayer list? The procedure is to remove a growth on my eye that might be cancerous or it might not. I get the feeling that the doctors believe it is cancer, but have to suggest that it might not be anyway. I would really like it to not be cancer having gone down that street before. But most specifically, please pray that the surgeon will be very careful and wise, and not take away more on a belief rather than on what is really there.”
