## **Step 8 THE FINAL REVEAL!**

Now we get to play with these blocks. Our pattern suggests a lay-out of 4 blocks wide by 5 blocks tall, plus 2 borders.

### **HOWEVER: what would happen if:**

- You put your blocks “on-point?” (See Figure 7.)
- You added an alternate block between? (Provides a great block for pretty quilting!)
- You added sashing between?
- You mix-matched the units within your blocks? (See Linda G’s idea, Figure 8.)

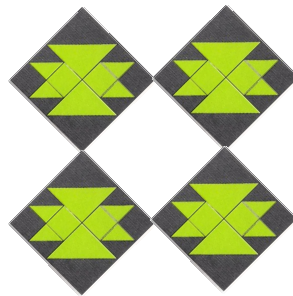

Figure 7, idea for “on-point”

Figure 8, Linda G’s mix-matched unit & same-fabric unit.

**AFTER YOU’VE CHOSEN YOUR FINAL LAY-OUT**, you may want to add borders. The pattern suggests a 2-1/2” inner border plus a 5-1/2” outer border.

Mystery in the Blacksmith Shop (as the pattern suggests!)

**We hope you’ve enjoyed this stash-busting mystery quilt! We have certainly enjoyed bringing it to you! Remember to bring your pieced top by the shop for a pic...YOU’LL BE REWARDED with a \$5 GIFT CERTIFICATE! (You KNOW we love to look at projects!)**
