

Winnsboro Lions Continue Success with Annual Pancake Supper

Lion Rann Foster at the grill with Lion Gene Clemens.

Winnsboro Lions rose to the occasion, and mightily so! The Annual Pancake Supper produced a record number of participants. The big crowd stayed around to visit. DG Rick Pressly and Lion Bobbie screened 48 folks and gave 10 referrals for further testing. Thanks to DG Rick's SPOT camera work. The folks that were screened, including many children, were excited about the camera's abilities and speed. This demonstrates how popular this service will be once the Winnsboro Club begins screening school students and day care children.

Over \$1900 was collected for the fundraiser that night with more ticket money from tickets to come in. These funds will help fund exams and glasses in their community. Taking advantage of the large crowd coming in to eat; the Lions also sold \$173 worth of brooms!

Lion Jimmy Stephenson, III and Lion James Stephenson, IV
take another batch of pancakes off the grill.

Support from fellow Lions from Blythewood and River Hills Lions Club was deeply appreciated. And guests enjoyed dining with Superintendent J. R. Green, who was able to see firsthand the SPOT camera in use.

The Winnsboro Lions chalk up another highly successful pancake supper fundraiser and thank all who took part.
