YOU are invited! Research Study on Food Security in the Klamath Basin

University of California Berkeley and The Karuk Department of Natural Resources

You are invited to participate in a focus group discussion about Tribal food security in the Klamath Basin. The study is being led by Jennifer Sowerwine, UC Berkeley, in collaboration with the Karuk, Yurok, and Klamath Tribes.

Our goal is to learn from the Tribal community about challenges and opportunities for accessing healthy and affordable as well as Native foods in your community. As a Karuk person, we need your input in this pivotal study!

We will hold focus group discussion for adults, for youth ages 14-17, and for people who have experience using food assistance programs. The focus groups will be in Yreka on June 26-27, in Orleans on June 29-30, and in Happy Camp on July 13-14.

A meal and \$30 travel compensation will be provided to focus group participants, and you will be entered into a drawing for a prize basket of local foods as a thank you for participation!

If you are Karuk and would like to share your ideas, please call

Sara Reid at (510) 643-9534 or Lisa Hillman at (530) 627-3446 ext. 3016 for more information or to sign up.

Yôotva in advance for your participation!

This project is supported by the USDA-National Institute of Food and Agriculture-Agriculture and Food Research Initiative Food Security Grant # 2012-68004-20018 CPHS # CPHS 2012-07-4484
