

Need to promote your service projects to volunteers?
CDW has resources that can help.

PROMOTE YOUR VOLUNTEER PROJECTS

Build a healthier community through volunteerism.

Visit the Community Development Works website to see a wealth of resources gathered to assist your nonprofit in recruiting and managing volunteers, as well as links to programs that match interested persons with organizations looking for volunteers.

The CDW Volunteer web page offers free access to articles and reports with helpful information on volunteerism, quick facts about volunteerism in America, and links to organizations that can help you promote your service projects to potential volunteers.

With the 2014 MLK National Day of Service upon us, now is a great time to engage the community around your cause while honoring the legacy of Dr. Martin Luther King, Jr. Whether your nonprofit's service project includes painting homes for families, mentoring young people about community service or helping to clean up public space, know that your **VOLUNTEER SERVICE** makes a world of difference.
