Join us as we discuss some of the most common concerns in owning and managing a repair shop in today's economy, including improving customer service, expanding your marketing on a limited budget, and getting the best training for your money.

Come prepared to tell your stories and learn from other's experiences. ASA-Midwest wants to hear your concerns about the industry and find out how we can better serve you. We will discuss ways to take on these issues and prepare your shop for a successful future. We will also update you on the upcoming 2015 VISION Hi-Tech Training & Expo.
