The American Purebred Association is what Purebred owners are waiting for. The American Purebred Association exists to allow for the [Registration](#) of purebred dogs. To avoid the pitfalls that other organizations have experienced, the American Purebred Association requires photographic proof of a purebred's characteristics. Anyone desiring to register their purebred must submit a short application, two photos of their animal (a front and side view) along with our registration fee of just \$10 (non-refundable). Dogs of any age qualify, but puppies must be at least eight weeks old (and photos must be taken at 8 weeks or later) to be registered.

Our staff will review the application and study the photos of your dog. We are looking for physical characteristics

The Basics

That's because the registration process is not based on the background of an animal's appearance. We feel this better addresses the needs of many breeders and pet owners who want a purebred dog to look like one, despite what a piece of paper might say.

We have also simplified the process of [Litter Registration](#) which so often creates problems for those with purebreds having puppies. Parents do

fraud without visual registration, almost any dog could end up being considered a purebred as long as the paperwork said so. DNA testing has only complicated the situation with many registrations now being questioned or cancelled due to fraud.

The American Purebred Association exists to serve the needs of Purebred breeders, not complicate their lives.

make Purebred Puppy and Dog Registration a simple and painless process. Register online or by mail.
