

Easy Starter Templates

Two CSS Templates... Hundreds of Design Options

Create Your Website With The Easy Starter Templates!

- Are you tired of not being able to control the layout of your static website?
- Do you want to create a website but don't have any software or web design skills?
- Would you like to be able to position elements (banners, AdSense, social networking icons etc.) in your header with ease?
- Intimidated by having to learn HTML and CSS?
- Wish there was more design support for static website owners?
- If you answered yes to the above questions, then the **Easy Starter Templates** are for you!
