Create Your First Quilt in 30 Days or Less! Enjoy a Family Heirloom that Will be Treasured for a Lifetime

As a "modern woman," I've seen the roles of women shift and change dramatically. Often, when changes happen so quickly, we tend to disregard the values of the generations before us. Yet often they already knew what we are only now discovering! If only I'd asked!!

One of the discoveries more and more women are embracing is Quilting, and this page is about the modern "Quilting Quest" that I and thousands of other women are rediscovering today.

If you've always associated quilting with "little old ladies," be prepared to be shocked at what we were never taught about in school, and the incredible significance quilting represents to every woman today — in fact, many of the societal advances made over the last 100 years –for women AND men — may have never come about as quickly if not for women stitching quilts! To show you what I mean,

I have to tell you a bit about my own grandmother "Grand."
