## The Spoonful Devotional Series

These daily devotionals are different from most other devotionals. Instead of reading a random verse and a short illustration about a principle taught in the verse, these devotionals are designed to get the reader to read at least one chapter a day from the King James Bible, and to teach him at least one important lesson from the day's reading. More need to know what the Bible teaches, and that will only happen by reading it!

It is not the intention of this devotional to teach all each chapter holds. A short, 200-700 word commentary teaches only one of the principles that is taught in the daily reading of one chapter of the selected book. The discussion is not a long-winded, exhaustive study of the entire chapter; just one principle.
