What they are saying about LearnArabic.Com (اللهم بارك) :

Complete Beginner? - *Master the Arabic Alphabet in No Time!* Use this app to accelerate your mastery of the Arabic Alphabet. This tool should be used together with the **Arabic Alphabet Course**. This tool allows you to work and play with all the various vowel sounds and the various letter forms. It integrates your knowledge and ties everything together. You can also play a letter recognition form to develop your skill in recognizing the various forms letters take depending on where they occur in a word. **Launch the Alphabetizer!**

I find learning any language especially Arabic very hard... I love your methodology... I find myself talking to the screen when I am watching the video, smiling like a child... but I find myself understanding and comprehending the knowledge and just enjoying learning...

I am very surprised, pleased and challenged by this unique, clear, attractive and interactive way of teaching the Arabic language... I am especially looking forward to the higher levels. I can't wait, as I am very curious...

I really love this site since it is so motivating! The way it shows the leaderboard and combines every users points makes it feel as if we are all learning together. It really motivates me to learn and come back to this site! I love how learning Arabic has been made into a discovery journey...

...An extremely innovative, engrossing and interesting way to get acquainted with the Arabic language.

I have been learning Arabic on and off now for at
