**Learn how to meet, pick up, attract, flirt with,  
seduce, date, make a girlfriend out of, and marry  
the kind of woman you have always wanted –  
NO MATTER what you look like or how old you are.**

**A lot of the dating GURUs will give you advice on how to meet, pick up, attract, flirt with, and seduce women. But WHY do you think no other Guru tells you how to do all of the above, and then tell you how to turn these "meetings" into girlfriends or wives, and then how to keep them forever?**

**Because they DON'T KNOW HOW. – They even admit it . Don't believe me? Check out the major gurus right here - [David DeAngelo](#), [David M. Mystery](#), [Neil Strauss](#) - come back when you are done. I don't have to hide from my competitors because my stuff is ten times better. So go ahead, check them out. I'll wait.....**

.....Back ok, now let's continue.

- 2) Technologies not strategies** - I close 80-90% of the women I meet in ANY situation - bars, clubs, internet dating, friends of friends, walking down the street, in the grocery store, etc. and with ANY personality type. WHY? Because I use communication technologies NOT strategies. The other dating gurus give you more-or-less shot gun strategies that only work on 1 out of five, 1 out of ten, or 1 out of 100 women, or only work in certain situations (Like bars and clubs or the internet) or they only work with certain personality types (like bitches!). Communication Technologies are what I use to develop and create strategies. I show you how to develop your own unique strategies that are 100% RIGHT for you!
- 3) Coordinated with having a relationship.** My techniques set you up for a sound relationship from the very beginning. Many of the things these other Dating Gurus teach you will get you a date, maybe even some sex, but they doom a real relationship from the very beginning.

**BUT the best thing is my techniques simply work better even if you aren't interested in a relationship. If you simply want to meet women and get laid the**
