"Today is a great day to win the Pick 3 and Cash 4 Lottery!"

"Who else is tired of watching 'triples' in the Pick 4 drawing go by, time after time, without a hit or even a clue on how to predict when the next one might show up in your state's lottery drawing?"

#### Attention

Pick 4 Cash 4 Daily 4 Win 4 Lottery Players. You're about to be given two simple charts to help increase your odds of predicting a triple in the Pick 4. SBiP999 uses them to target \$600-\$3100 all state wins like clockwork!

"I used to hate to miss a 'triple' in the Pick 4 -- which is a .50 cent box/any play for a chance at \$600 bucks. At least that was the case until I accidentally discovered exactly what number combinations 'trigger' these \$600 numbers, making it easy to predict the winning draw."
