January 21, 2015

To whom it may concern,

CityWest is proud to announce that we have launched cutting-edge fibre-to-the-home services in Gitanmaax (Old Hazelton). This includes TV, phone, and Internet services.

As a phone provider, we applied through the CRTC to become a Competitive Local Exchange Carrier (CLEC) in the community of Gitanmaax.

This means there is now a new phone number range for our Gitanmaax customers:
778-641-XXXX.

We feel it is our duty to inform the communities we serve that CityWest's phone number range in Gitanmaax now overlays the following calling exchanges:

250-842-XXXX
250-901-XXXX
778-202-XXXX

In other words, any calls made with any of the above numbers to or from the 778-641 range will now be treated as a local call.

We also encourage any businesses with an in-house Private Branch Exchange (PBX) system within the exchanges listed above to include 778-641 as a local number.

If possible, please pass this information along to your membership. Any questions or correspondence on this matter should be directed to citywest@cwct.ca.

Thank you.

Sincerely,

CityWest Cable & Telephone Corp.
248 3rd Ave. West, Prince Rupert, B.C., V8J 1L1
