

An Evening of Nature Inspired Desserts & a Photo Tour of Saskatchewan's Amazing Nature Scenes

While enjoying some delicious desserts, Robin and Arlene Karpan, renowned authors and award-winning Saskatchewan photographers, will give a photo tour of the province.

Almost like being there, the Karpans will take you through many stunning and extraordinary landscapes, making you proud and glad—all over again—that you live right here in Saskatchewan.

The Nature Conservancy of Canada will also update you on their work in Saskatchewan and explain how to get involved this summer in on-the-ground conservation work.

Join us! Bring your family & friends
