About the Program

**Thirteen-year track record
of success**

The ORACLE National Summer Institute for Youth is a daily, two and a half-week residential, Christian leadership program designed for the ethical and moral development of youth.

ORACLE Nat'l Summer Institute for Youth embraces all youth, though African American in its design. The Institute's curriculum includes 20 workshops and seminars, daily prayer services, field trips, recreation, and "eloquent" banquet. Youth return with a strategic "Plan of Action" to do peer evangelization and ministry.

Youth need a deeper personal relationship with Jesus Christ and wholesome friendships. They seek to understand who God is; their purpose in life; good friends; hope for tomorrow; fun and a fair chance at life; and an end to violence and crime. Does your teen have these needs? Does your child search for answers to these following questions:
