

### **2015 Summer EXCITE Program**

Winter in the New Jersey has been filled with snow, ice, and frigid temperatures. This is the perfect inspiration to start making plans to enroll in a 2015 Summer **EXCITE** Program.

Our **EXCITE** Program, Explore Careers in Technical Education, is a great time for students to try a career or just learn something new! Students can choose from eleven specialized fields from cooking, teaching, auto repair to commercial art. The programs will focus on hands-on activities and projects and include information about related careers. Several programs have also planned a field trip.

This summer program is for students entering 8th, 9th or 10th grades and will run July 20 – 24, from 9am-2pm. The cost is only \$225 per student.

The following options will be held at the Bartles Campus at 8 Bartles Corner Road in Flemington:

***Beauty Bootcamp:*** Learn the basics of skincare for teens, as well as makeup selection and application. There will be a focus on teen skin issues such as acne, and sensitivity.

***Digital Photography:*** Students will set up a model or still life photo shoot, as well as learn post-production editing in Photoshop for web and print. They will learn the basics of exposure, ISO and aperture.

***KinderMagic Academy:*** Learn what it's like to be a teacher by working with pre-school children from the school's KinderMagic pre-school program. Students will participate in hands-on activities with small children, 3-5 years old.

***Creative Space:*** Learn about careers in commercial art by acquiring skills in Adobe Illustrator, Photoshop and Autodesk Maya. Create a logo, package design, book illustration and 3D Animation.

***Intro to Nursing:*** Learn about careers in nursing and the devices used to take care of patients. Hands-on activities will include taking vital signs.

The following options will be held at the Central Campus at 10 Junction Road in Flemington:

***Extreme Makeover:*** Learn about hair styling, braids and nail art while working on mannequins, and each other. Finish off the week with a trip to a beauty supply store and salon.

***The Pit Stop:*** Learn about hands-on auto care and maintenance from the inside and out. Students will get a handle on how the family car works while experiencing oil changes, checking tire pressures and more.

***Teen Cuisine:*** Learn about the culinary arts careers in our professional kitchen using proper preparation techniques, tools and recipes. Students will prepare and cook a meal each day.

***The Apprentice:*** Build your knowledge of construction skills with a hands-on intro to basic carpentry and tool safety as you create a summer project. Career options in the construction field will be explored.

***Let's be a Vet:*** Learn proper animal care, grooming and pet safety as well as the related animal careers. A field trip is planned to a farm with goats and sheep.

***Intro to Auto Body:*** Learn about the basics of auto refinishing by starting with a small hands-on project...a new mailbox! Students will gain exposure to the proper use of auto body tools and equipment.

To sign up for EXCITE, visit the homepage of our website at [www.hcpolytech.org](http://www.hcpolytech.org) for our registration forms. Send the completed forms along with a check to Hunterdon County Polytech EXCITE, 8 Bartles Corner Road, Suite #2, Flemington, NJ 08822, ATTN: Phyllis LoSapio. If you have any questions, or need more information, call us at 908-788-1119, ext. 2010, or email [plosapio@hcpolytech.org](mailto:plosapio@hcpolytech.org).
