2015 Honoree

Dr. Joseph R. Morris, our 2015 honoree, serves as Secretary on the IGHL Board of Directors and has been an integral member of the NIS Golf Committee since its inception. Dr. Morris first became involved with NIS when both of his sons attended many years ago, and has been going the extra mile for NIS ever since. Dr. Morris owns a dental practice in Islip, where his top priority is to deliver quality care to informed patients in a comfortable and convenient setting. We are pleased to honor a gentleman whose dedication to NIS and IGHL has helped achieve countless goals for individuals with and without disabilities.

The New Interdisciplinary School, founded in 1976, is a non-profit, innovative early childhood learning center that respects the unique needs of all children and their families. Our commitment is to provide therapeutic and educational services in a nurturing environment with the highest standard of expertise. Tuition and transportation for children with special needs are paid for by the NYS Department of Education and Suffolk County Department of Health; however, we rely on donations to enhance our programs and services. Visit our website at www.niskids.org and follow us on Facebook to learn more about our school.
