

Help Protect Our Daughters

- ✓ **Parental Notification before an abortion protects our daughters, saving potentially 20,000 lives each year here in CA. 39 other states already have similar policies to save lives and protect our daughters. Parents want to know if our daughters are considering an abortion.**
- ✓ **Signatures of 600,000 registered voters are needed to put Parental Notification on the November ballot here in California.**
- ✓ **With your help, this effort can be a success!**
- ✓ **Please take a petition home to collect signatures of friends, family, neighbors, and co-workers who are registered voters.**
- ✓ **All instructions are included with the petition.**
- ✓ **When you have finished collecting signatures, mail petitions to this address by March 1st:**

**Californians for Parental Rights Fund
PO Box 189004
