

**Earn a credential that will increase your value in the job market and help you to develop new skills. St. Louis Community College Continuing Education will help you take your career to the next level and maintain your competitive edge!**

**LEAN Six Sigma Green Belt Certification**

Whether you are a member of a quality team, a quality manager, or desire to obtain a LEAN Six Sigma Green Belt Certification for your own professional development, this course is appropriate for you. We blend classroom instruction and online instructor-led labs. Certification program highlights include: how to implement the DMAIC process (Define, Measure, Analyze, Improve, Control), how to develop reliable and valid measurements for a system, how to define the cost of poor quality, how to use the correct formula to calculate ROI and more. Materials included in cost of course. Students successfully completing this training will receive their LEAN Six Sigma Green Belt Certification and 45 hours of instruction. This training includes an 18-hour capstone simulation project on the last two Wednesday sessions and 2 consecutive Saturdays. Attendance on these days is mandatory. If one of these days is missed, arrangements may be made with the instructor to complete the project and receive certification. However, should this be necessary, additional instructional costs will be charged to the student above and beyond the cost of the program. Lunch provided on Saturdays. This program is approved by DESE for WIA funding through the Missouri Career Center for qualified individuals. You must be approved for funding prior to registering for the class if using these funds. Class meets Wednesdays 2/11, 2/18, 2/25, 3/4, 3/18, 3/25, 4/1, 4/8, 4/22, 4/29 and Saturdays 4/25, 5/2. No Wednesday classes on 3/11 and 4/15. Registration by 2/3 is encouraged.

**LEAN and Six Sigma implementation make a big difference in a company's bottom line and helps employees to view each project in a different, more efficient way.**

**Project Management Orientation**

This free session is designed to provide information to individuals interested in obtaining the Project Management Professional (PMP) certification. You'll learn about the concepts, test preparation and requirements needed for certification. Presentation includes an overview of the program, a look at class materials, trends in the industry and potential job opportunities for PMPs. The orientation is free but registration is required.

**Project Management**

Project managers are in demand when the need is for skills that include time, resource and financial management with a finite effort. Working knowledge of these skills is recognized by the Project Management Institute (PMI) through various levels of certification. This course helps you to prepare for the PMP certification exam by presenting the critical concepts together with the core knowledge areas covered in the exam. Topics covered include the process groups and relationships, terminology and decision making practice. Session attendance in this course counts toward the project management training criteria, 35 hours, required to register for the PMP exam. This practical learning prepares the student for the PMP certification exam by lecture, online exercises, working sessions and practice exams. This program is approved by DESE for WIA funding through the Missouri Career Center for qualified individuals and presented by a Registered Educational Provider (REP). You must be approved for funding prior to registering for the class if using these funds. Class meets Wednesdays: 4/1-4/29 and Saturdays: 4/11, 4/18, 4/25. Lunch provided on Saturdays. Registration by 3/24 is encouraged.

**To apply for PMP certification, you need to have one of the following:**

- A four-year degree (bachelor's or equivalent) and at least three years of project management experience, with 4,500 hours leading and directing projects and 35 hours of project management education
- A secondary-level diploma (high school or equivalent) and at least five years of project management experience, with 7,500 hours leading and directing projects and 35 hours of project management education.

**The Continuing Education Project Management course will provide you with the required 35 hours of project management education.**

**Exclamation Point!**

*The Lean Six Sigma Green Belt Certification exceeded my expectations. I was very impressed with the content, Pat Dalton the instructor, and the facilities. I will likely recommend this course to others!*
