

Shade River Organic Farm

Community Supported Agriculture

Since 1985, Shade River Organic Farm has grown an abundant selection of high quality, certified organic produce. The Hamiltons have been delivering amazing vegetables and herbs to CSA supporters at Ohio Univeristy for four years.

This year you can benefit from the Hamilton's bountiful harvest by joining their CSA—Community Supported Agriculture—program. Members purchase a share of their crops before the growing season starts and, in turn, receive a selection of fresh organic produce for eighteen weeks—with pickup options at either Ohio University or the Athens Farmers Market—beginning in mid-June.

1/2 share example for 1 week

CSA Produce List

CSA content varies week-to-week. Each delivery provides vegetables that are growing in their crops at that time. Here is a list of vegetables and herbs that are typically included in the CSA throughout the summer:

| | | |
|-------------|--------------|---------------|
| Basil | Parsley | Pumpkins |
| Beans | Parsnips | Radishes |
| Beets | Peppers | Salad greens |
| Broccoli | Potatoes | Scallions |
| Bulb fennel | Garlic | Summer squash |
| Cabbage | Kale/Chard | Tomatoes |
| Carrots | Kholrabi | Turnips |
| Cilantro | Leaf lettuce | Winter squash |
| Cucumbers | Leeks | Zucchini |
| Dill | Onions | |
